

## Con Corazón Outreach Report

17<sup>th</sup> December 2021 – Marampaqui

It is Christmas time and we could not forget that this is a special and exciting season especially for the children of Marampaqui. Besides our regular activities we could prepare hot chocolate, fruit cake (Panetón) and presents. The children were so happy about this as the environment was full of joy and laughs. It feels so good to be able to see them smiling.

### Activities

- Dr. Gustavo was able to see 22 patients, once again with many respiratory issues.
- Dr. flor saw 12 patients
- Wendy managed to do 10 lab exams.
- The pharmacy and triage are being efficient. Both, nurse Sayda and Jhoni are able to perform smoothly and without any problems their role since their native language is Quechua.

## Photo gallery

Children receiving their hot chocolate and fruit cake (Panetón) which is traditional during Christmas season.

We used biodegradable cups for the hot chocolate.

A fruit cake or the panetón or panettone (in Italian panettone) called sweet bread or Easter bread in Spanish-speaking countries, is a bun made with a brioche-type dough, filled with raisins and candied fruits (orange, citron and lemon).
