

Con Corazón Outreach Report

29th December 2023 – Marampaqui

Making people value what we give them is a task that falls to us. Appreciation for the effort we make on their behalf has positive consequences. First, enthusiasm rises, paving the way for a successful project. Secondly, the commitment to the responsibility that is placed in their hands. Being part of a project implies the effort of both parties, Con Corazón and the residents of the Marampaqui village.

For this reason, we have regular meetings with the next SMS beneficiaries. Our goal is to get them excited and committed to making this new implementation of these ovens a success for the benefit of the health of the community in general and their families particularly.

Activities

Medicine, we have seen 25 patients.

Dentist, 12 patients

Laboratory, 10 lab tests were done.
